Tension Fabric Display Stands

Tension Fabric Display Stands are some of the most affordable display system available. They use a full dye fabric graphic that fits over a tubular aluminum frame like a pillow case. There is an industrial strength zipper which closes the graphic and creates tension on the system. The full color graphic allows you to place any image on the display to create a stunning graphic backdrop. There are many sizes available so you can find a display that will fit your booth space perfectly.

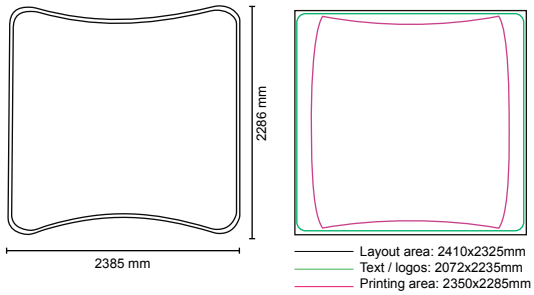

Material: Aluminium.
